

Parmar Devanshi

Quality Assurance Engineer

 [Portfolio](#)

 9428801725 |  devanshi.parmar2511@gmail.com |  [LinkedIn](#)

Profile

Detail-oriented and proactive QA Engineer with 1.5 years of hands-on experience in manual and automation testing for web and mobile applications. Skilled in functional, regression, usability, and exploratory testing. Proficient in Selenium, Cypress, Playwright, Postman, and JIRA. Strong understanding of STLC, SDLC, and Agile methodologies. Adept at collaborating with cross-functional teams to ensure product quality and user satisfaction.

Employment History

Savvient Infotech Pvt Ltd, Ahmedabad

Quality Assurance Engineer | May 2024 – Present

- Leading QA initiatives in a dynamic development environment to ensure the delivery of high-quality, reliable software products.
- Designed and executed comprehensive test cases for web and mobile applications.
- Identified, documented, and tracked defects using tools like Jira, ensuring timely resolution.
- Collaborated closely with developers and product teams to understand requirements and improve test coverage.
- Contributed to automated test scripts to streamline regression testing.
- Performed functional, UI, regression, and cross-browser testing to ensure seamless user experience.
- Improved QA processes and documentation, enhancing team efficiency.
- Ensured product reliability and performance through root cause analysis.

Internship

VGD Technologies, Ahmedabad

QA Intern | Jan 2024 – Mar 2024

- Executed manual test cases for web/mobile applications.
- Identified and documented bugs for effective communication with developers.
- Collaborated with QA and development teams to improve test coverage.
- Performed regression testing to maintain product stability.
- Maintained detailed test documentation.

Courses

Automated Testing – Selenium WebDriver
Way To Code Technologies LLP, Ahmedabad | Jan 2024 – Jun 2024

Education
